GRAN CANARIA PILOT EVENT 2025

Dear European partners of the SurfFedAut project, collaborating surf schools, families of Mi Hijo y Yo and participating children with autism, we are pleased to invite you to the next pilot of the First Work Safety Manual on Surf Therapy for people with Autism level I in Gran Canaria, Spain.

This Manual puts into practice the planning, the safety of surf instructors for people with Autism, the responsible consumption of an activity designed and created with the target population in mind and the stress on the beach when carrying out the activity.

We would be able to experience the work done under a method that is already implemented by our main partner the Asociación Solosurf in Cádiz since 16 years ago and with the approval of the Occupational Safety Prevention Company **Quirón** aimed at this manual that we have created thinking of its implementation in the European partner countries in this Erasmus Plus project such as: **ITALY, HOLLAND, PORTUGAL, FRANCE & SPAIN.**

In addition, we measure the environmental impact with the oceans, raising awareness with adapted activities so that participants, collaborators and the general public can join this social innovation project.

The agenda established for the activity may be subject to modifications due to circumstances beyond our control, such as aspects related to institutional management. In the event that the conditions of the initially planned beach are not suitable for carrying out the piloting safely, La Laja beach has been proposed as an alternative. In this eventuality, partners will be notified in a timely manner to ensure that the piloting is carried out in an organized manner and under the best possible safety conditions.

INFORMATION FOR PROJECT PARTNERS

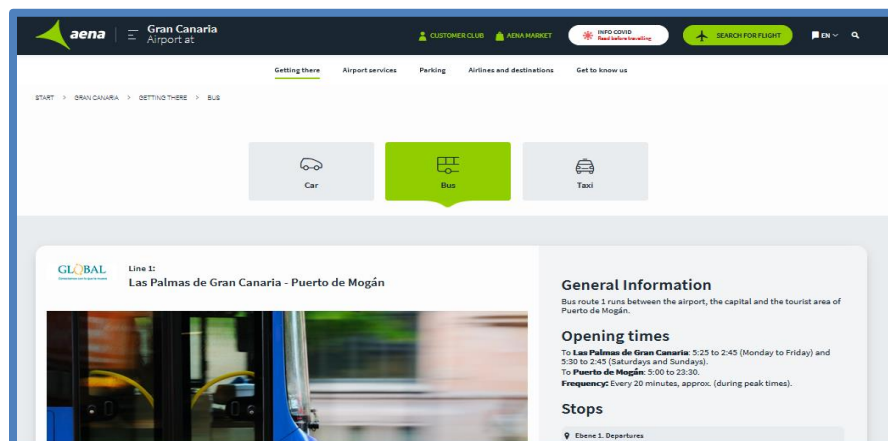

AIRPORT: GRAN CANARIA

Link: <https://www.aena.es/en/gran-canaria.html>

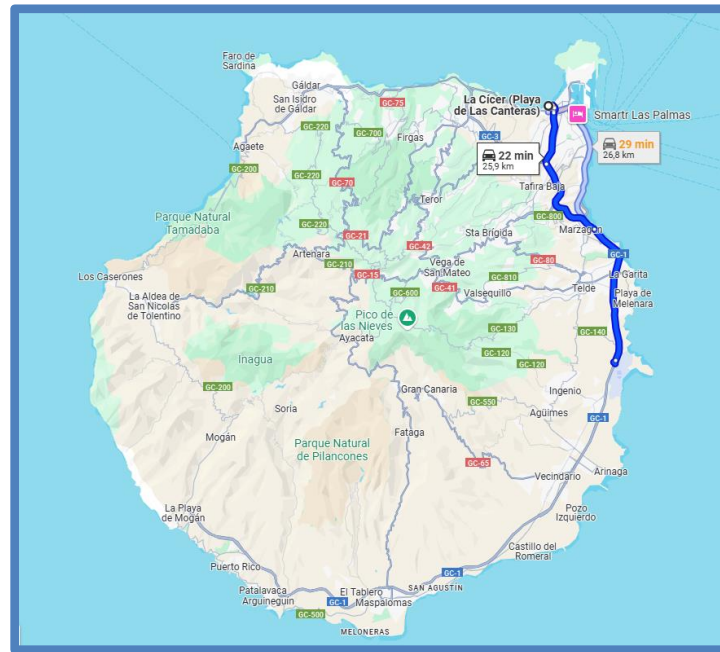

TRANSFER AIRPORT-HOTEL-AIRPORT

Link: <https://www.aena.es/es/gran-canaria/como-llegar/taxi.html>

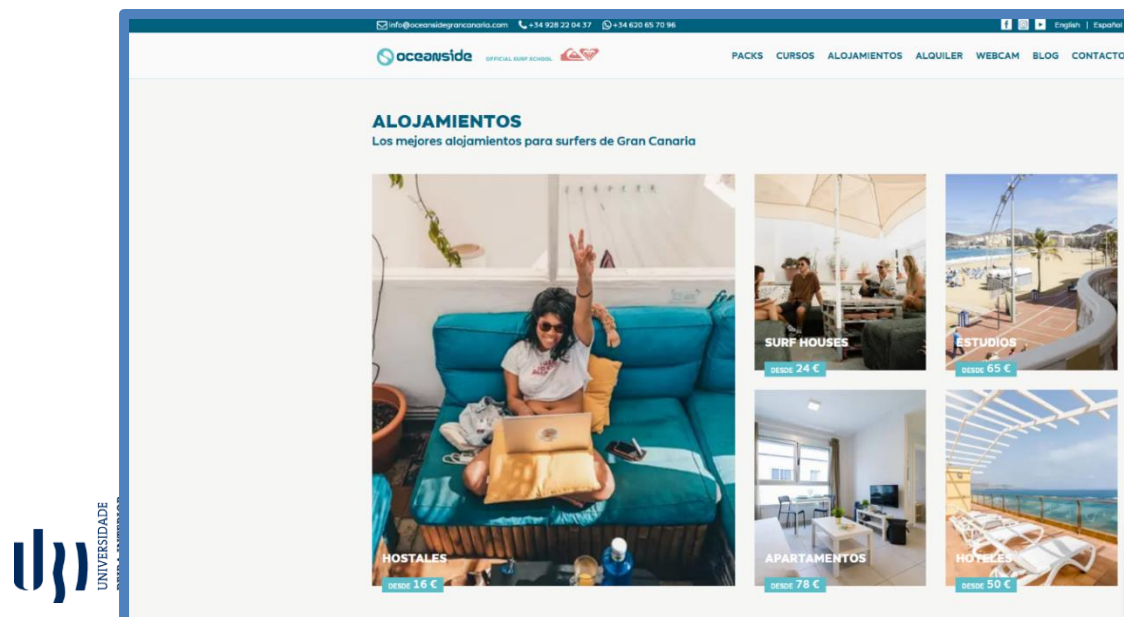

The airport is a 25 Km of distance of Las Palmas, the capital city. By bus it will take around 40 minutes, by car around 25 minutes. You can take a taxi for a price around 40€-50€. If you take the bus, you will arrive to the bus station and then you must take a taxi from there to your accommodation (normally in downtown 8€-15€ depending on the distance).

ACCOMMODATION NEAR THE EVENT PLAYA DE LAS CANTERAS GRAN CANARIA:
